### **Special Packages**

All Special Packages include a before and after HeartQuest assessment.

The devices and technologies utilized in the Bio-Energy Centre have many different settings and applications and for our Special Packages we use specific combinations of sound, light, crystals, electromagnetic fields and micro currents.

Rejuvenate Package - will replenish your optimal energy levels and work to rebalance the seven major energy centres of the body allowing you to function with ease, joy and efficiency

Relax Package - the ultimate deep relaxation program for easing away tension, stress and pain, also excellent for improving sleep habits and enhancing meditation

Detox Package - offers the mind and body an oasis of relief from daily environmental stress, toxins, EMF, noise pollution and more

Anti-Aging Package – restores the optimal resonance of the cells helping to make you to look and feel years younger
