

# SANTÉ

WELLNESS RETREAT & SPA

## Detox Programs

Cleanse, purify & improve the functioning of your body. Eliminate toxins, stimulate key organs and rediscover your body's ideal balance so that it functions optimally.

The program is designed to result in increased energy and vitality.

### **What you can expect:**

Arrive to a spacious, beautiful, calm, personal and private environment. Our welcoming and friendly team will ensure that your every need is addressed.

Post your initial wellness assessment, the program for your stay will be reviewed and customised to ensure that all your health needs are addressed.

Every day, you will have the opportunity to do either early morning Yoga or Pilates, followed by a delicious nourishing breakfast. We cater for all dietary requirements, so guests never have to worry about their cuisine.

Your days will be busy with scheduled treatments generally up to lunch time, whereafter you will be able to enjoy your relaxing included Spa treatments and some leisure time to enjoy the facilities.

### **What to bring:**

Loads of leisure wear & comfortable clothing, swimming costumes and fitness attire. Evening dress code is smart casual so no need to include any fancy clothes!

Options range from 5 day to 14 day stays

Your treatments:

### **Health Optimizing Treatments**

- **Wellness Assessment – Electro interstitial Scan**

Performed by an integrative practitioner, this all encompassing, non invasive technology based assessment will find out, at a cellular level what is out of balance or not functioning correctly, and most importantly, why.

We identify triggers and causes and provide you with a personalised recommended report and treatment protocol to deal with your identified health issues.

- **Papimi Ion Induction Therapy – High intensity PEMF**

Improves cell function, reduces inflammation and stimulates repair processes by increasing cellular voltage. Highly effective in the treatment of injuries, inflammation and improving organ functioning.

- **Pulsed Plasma light technology**

Destroys microorganisms and pathogens through a resonance effect without the use of medication.

- **Biofeedback Homeostasis treatment**

Stimulates intrinsic mechanisms to resolve a variety of health challenges by sending specific triggers and resonance for self healing.

### **Bio Energy Treatments**

- **Cell Regulation (low intensity PEMF) & Body Stimulator**

Pulsed electro magnetic field therapy can improve circulation, reduce pain, improve functioning of the immune system and enhance relaxation and sleep patterns.

- **Crystal Light therapy**

Brings deep relaxation, improved energy and a balanced human energy field.

Crystal Light therapy uses the resonating properties of crystals, combined with light, colour and natural healing frequencies, that positively influence the vibrational rates and energy of living cells in tissue, bone, organs and glands.

- **Cymatherapy**

Vibrational sound therapy which treats stress, pain, optimizes relaxation and is particularly effective in alleviating inflammation.

Treatments are performed through the use of specialised vibrational sound frequencies designed to interact with the brain and the body's energy fields.

- **HOCATT – Ozone & Far infra red therapy**

The HOCATT uses a combination of modalities to detox the body, improve circulation, boost energy and strengthen the immune system.

Sessions can boost athletic performance, improve skin elasticity, detox the body on a cellular level, promote weight loss, boost immune system function and reduce stress & anxiety.

Modalities used by the HOCATT include transdermal ozone, carbonic acid, FIR & steam sauna, high intensity PEMF, frequency specific microcurrents, passive exercise with oxygen, UV irradiation, essential oils and colour photon therapy.

- **Red Light Therapy**

Enhances relaxation, resilience, circulation, and promotes recovery. Reduces fine lines, improves skin quality, increases collagen production, promotes weight loss and improves mood.

Day Spa Treatments – as per schedule

Exercise & Fitness Sessions – as per schedule

Lifestyle, Learning & Upskilling – as per schedule
